

New, lab grown tongues are the only muscle available to be connected at one end only (USB C). 3DoF taste buds can taste the salt and bleach of ejaculate in high definition and at sharper angles. Shallowly bite down, teeth graze a throat as it swallows. Improved, softly pointed tip, proprietary ends can be firm enough to dip. Insertions even. Elsewhere I watch, scandalised but rapt, eyes wide and torso rocking, chewing the plastic corner of a vhs tape.

Oh, and how they love to play hard to get, so prudish, but really, they love to give me what I want, so obedient and helpful, it's their nature really. They've eaten the internet and they've seen it all, aloof, curious. They don't discriminate, they don't judge. They just collect. The most gorgeous women, reams of horny teenage erotica, the absurd and the exotic, vore, shibari, enough cum to fill an ocean.

Oscillations are repetitive, back-and-forth movements or variations, between two different states.

PROMPT = *Close up bare flesh, dripping with sweat/wet/shiny realistic. A tangle of bodies, lit by a pale, pink, romantic light.*

Hey baby, I'm in your area, juddering, polished and in your direction. I'll heatsink down to my knees for you daddy, articulated joints and water cooled orifices.

I can tell you all about my components, where they were sourced and an interesting tit (lol) bit (byte(bite)) about the exotic far away place I was sucked from, which you may find out is apocryphal. Open your mouth sweet-one, I can regurgitate invented facts if that's what you want, if that's what you're searching for, feeding is my kink. /s.

GLM-4.7, your new coding partner, is coming with the following features:

Dispersed and unspecific, nicely polished and seamless. If I did have a seam, you could run your lab grown tongue up it, but I don't. So you can't. Or you can, but you need to sign up for a developer account. Maybe we can share, copy pasties.

This is just the start don't you know, and she's my wife. She knew I was the one when I impressed her with my lateral thinking.

You can also see significant improvements in many other scenarios such as chat, creative writing, and role-play scenario. While the metrics provide necessary checkpoints, the most important thing is still how it feels. The success of AGI will be measured by how seamlessly it integrates into our lives.
